Reviewer's report

Title: Methodological quality of English language genetic guidelines on hereditary breast cancer screening and management: an evaluation using the AGREE instrument

Version: 2 Date: 3 September 2012

Reviewer: Leonidas Koniaris

Reviewer's report:

The authors have failed to make the manuscript useful in regard to clinical practice. They should revise the discussion to better allow readers to use the information gleaned in the management of patients. As written the paper only reports the results without applying them. Authors did not alter manuscript as per suggestions.

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
