Reviewer's report

Title: Interaction between stress and the BDNF Val66Met polymorphism in depression: a systematic review and meta-analysis

Version: 2 Date: 18 December 2013

Reviewer: Pascal Meier

Reviewer's report:

However, it is a major limitation since p values are not a very meaningful information. We have no idea about the effect size nor about the precision of the estimate.

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
