Reviewer’s report

Title: Oral rehydration versus intravenous therapy for treating dehydration due to gastroenteritis in children: a meta-analysis of randomised controlled trials

Version: 3 Date: 26 January 2004

Reviewer: Olivier Fontaine

Reviewer’s report:

General
I have no further comments or suggestions on this manuscript. The authors have answered all prior comments and revised their manuscript accordingly.

Discretionary Revisions (which the author can choose to ignore)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
