Reviewer's report

Title: ACE2 Gene Expression is Up-regulated in the Human Failing Heart

Version: 2 Date: 2 February 2004

Reviewer: Josef M Penninger

Reviewer's report:

My comment is short - accept after a statistician declares the numbers are sufficient which I am not qualified to do. But the paper is of high interest and my only concern was and is the numbers of subjects, but I suppose you are doing this anyways.
