Reviewer's report

Title: Neoadjuvant or adjuvant therapy for resectable esophageal cancer: a practice guideline

Version: 2 Date: 15 August 2004

Reviewer: John Urschel

Reviewer's report:

General

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

Revisions acceptable and appropriate. A good manuscript. A significant contribution to this area.

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
