Reviewer's report

Title: The course of mental health after miscarriage and induced abortion: a five-year follow-up study.

Version: 2 Date: 17 September 2005

Reviewer: Ellen Wiebe

Reviewer's report:

General The authors have addressed all my concerns and I am happy to recommend publication of this very interesting and thoughtful paper.

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached) none

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct) none

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No
