Reviewer's report

**Title:** Psychological Illness is Common With Functional Gastrointestinal Disorder and is Important to Consider At Patient Consultation, a Population-based Study

**Version:** 3  **Date:** 26 January 2005

**Reviewer:** Peter Bytzer

**Reviewer's report:**

General
The authors have adequately addressed the major and minor issues that I raised in my review report.

---

**Major Compulsory Revisions** (that the author must respond to before a decision on publication can be reached)

---

**Minor Essential Revisions** (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

---

**Discretionary Revisions** (which the author can choose to ignore)

---

**Which journal?** Appropriate or potentially appropriate for BMC Medicine: an article of importance in its field

**What next?** Accept for publication in BMC Medicine without revision

**Quality of written English:** Acceptable

**Statistical review:** No

**Declaration of competing interests:**
