Reviewer’s report

Title: Mental health and resiliency following 44 months of terrorism: A survey of an Israeli national representative sample

Version: 2 Date: 30 June 2006

Reviewer: Sandro Galea

Reviewer’s report:

General

The authors have been responsive to the original comments. I have no further comments.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
