Reviewer's report

Title: Validity of Electron Beam Computed Tomography for Coronary Artery Disease: A Systematic Review and Meta-analysis

Version: 2 Date: 16 October 2007

Reviewer: Zhonghua Sun

Reviewer's report:

General
No further revision is required.

------------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

------------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

------------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

Which journal?: Appropriate or potentially appropriate for BMC Medicine: an exceptionally interesting article

What next?: Accept for publication in BMC Medicine without revision

Quality of written English: Acceptable

Statistical review: No
