Reviewer’s report

Title: In vitro prediction of stop-codon supression by by intravenous gentamycin in patients with cystic fibrosis; a pilot study.

Version: 3 Date: 23 February 2007

Reviewer: David M Bedwell

Reviewer’s report:

General
I think this manuscript is now acceptable for publication in BMC Medicine.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

Which journal?: Appropriate or potentially appropriate for BMC Medicine: an article of outstanding merit and interest in its field

What next?: Accept for publication in BMC Medicine without revision

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
Same as before.
