Reviewer's report

Title: Postpartum Mental Health Outcomes of Mothers who Conceived using Fertility Treatment

Version: 1 Date: 12 July 2013

Reviewer: Niloufer Ali

Reviewer's report:

General comment: This can be a short communication after revision and not a full paper.
- Major Compulsory Revisions
  Title needs to be clearer, rephrasing is required.
  Result section: Second paragraph needs further clarification.
  Discussion section: Last four sentences of first paragraph are confusing and needs clarification.
- Minor Essential Revisions
  The authors will need to review for sentence structure, grammatical and typing errors.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
