Reviewer's report

Title: Intention to use long acting and permanent contraceptive methods and factors affecting it among married women in Adigrat town, Tigray, Northern Ethiopia, January 2012

Version: 1 Date: 26 December 2013

Reviewer: Yihunie Lakew

Reviewer's report:

Overall, the manuscript is important in the field and well addressed, however; there are some issues should be revised

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.
