Title: Taking Action Together: A YMCA-Based Protocol to Prevent Type-2 Diabetes in High-BMI Inner-City African American Children

Version: 3 Date: 4 February 2010

Reviewer: Gordon Doig

Reviewer's report:

This is a very well written protocol paper and a fantastic study. Congratulations.

Please address the following issue:

Because this is a non-randomised trial, assessment of an analytic plan is crucial to the determination of internal validity. Please include a detailed analytic plan in your manuscript.
