Reviewer’s report

Title: Protocol for a randomised controlled trial investigating self-help email messages for sub-threshold depression: the Mood Memos study

Version: 2 Date: 26 November 2010

Reviewer: Simon Gilbody

Reviewer’s report:

thank you for asking me to look at this protocol. this is suitable for publication

1. Will the study design adequately test the hypothesis?
   yes

2. Are sufficient details provided to allow replication of the work or comparison with related analyses: if not, what is missing?
   yes

3. Is the planned statistical analysis appropriate?
   very much so

4. Is the writing acceptable?
   yes very well written
