Reviewer's report

Title: Development of a complex oral health care intervention after stroke: using a mixed methods pilot study to inform the design of a randomised controlled trial.

Version: 4 Date: 19 May 2011

Reviewer: Martin s Dennis

Reviewer's report:

Only mandatory change would be to the title. The title has been reworded but is clumsy – I think it should refer to “RCT of a oral health care intervention after stroke”

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
