Title: Early postoperative cognitive dysfunction and postoperative delirium after anaesthesia with various hypnotics: a double blind, prospective, randomized, controlled clinical trial - The PINOCCHIO trial -

Version: 8 Date: 15 June 2011

Reviewer's report:

The replies from the authors seemed sensible, except for Previous Comment # 2. Appendix 3 still has 2 boxes for each response. This should be changed to 1 box per response before it is published.

Also, On Page 12, paragraph 2, lines 8, 9, 11, 12 and 15 should have the times of [hr] replaced [h] as the rest of the rates show.
