Reviewer’s report

Title: Acupuncture for Sequelae of Bell's Palsy: A Randomized Controlled Trial Protocol

Version: 5 Date: 14 February 2011

Reviewer: Charlie Goldsmith

Reviewer’s report:

Comments to authors:
1. P(age) 1, last l(ine). The heading [Abstract] should be on the top of P 2. Also P 8, the heading [Outcome measures] should be on the top of P 9. Also, P 12, the heading [Competing interests] should be on the top of P 13.
2. P 9, p(aragraph) 5, l 5. Rewrite as [... as a continuous variable.].
3. P 9, p 5, l 8. Rewrite as [... if the data are distributed normally.].
5. P 10, p 4, l 5. Replace [lesser] by [fewer].
8. P 13, p 4. Delete since this is already on P 2.
10. Figure 1. In box 2 replace [38] by [39] and box 3 on the left replace [25] by [26].
