Reviewer's report

Title: Developing an educational intervention on dementia diagnosis and management in primary care for the Evidem-ED trial

Version: 2 Date: 17 July 2012

Reviewer: louise Robinson

Reviewer's report:

I am happy that the issues have been adequately addressed by the authors.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
