Reviewer's report

Title: "I can't forget to worry": A pilot Randomised Controlled Trial of Cognitive Behavioural Therapy (CBT) for anxiety in people with dementia.

Version: 1 Date: 8 October 2012

Reviewer: Tony Marson

Reviewer's report:

This pilot trial is funded by the NIHR RfPB scheme and has ethical approval. The protocol looks well written and I am happy for it to be published as it is.
