Reviewer’s report

Title: Drug-eluting stents or coronary artery bypass grafting for unprotected left main coronary artery disease: a meta-analysis of four randomized trials and seventeen observational studies

Version: 1 Date: 16 February 2013

Reviewer: Shangling Pan

Reviewer's report:

Some suggestions:
1. The manuscript needs page numbers.
2. There are some typographical errors throughout the text.
3. All parts of the manuscript ought to be edited according to the journal format.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
