Reviewer's report

Title: Review of the registration of clinical trials in UMIN-CTR from 2 June 2005 to 1 June 2010

Version: 1 Date: 9 June 2013

Reviewer: Robert R. Califf

Reviewer's report:

1. The article makes a clear point, but unfortunately, the writing is clumsy and distracting.
2. The format of the article is not standardized.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I am PI of a contract with FDA to produce usable data sets from clinicaltrials.gov
