Reviewer's report

Title: Early intervention program reduces stress in parents of pre-terms during childhood; a randomized controlled trial.

Version: 5 Date: 17 July 2014

Reviewer: Riikka RK Korja

Reviewer's report:

Minor Essential Revisions

Report:

The manuscript has advanced a lot. I also think that the original comments have been answered mainly well. I am still suggesting that authors could add some clinical implications and recommendations to the section of discussion or conclusions.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
