Reviewer’s report

Title: Likely country of origin in publications on randomised controlled trials and controlled clinical trials during the last 60 years

Version: 2 Date: 8 February 2007

Reviewer: Sally Hopewell

Reviewer’s report:

Thank you for asking me to review this revised manuscript. I believe that this additional clarification of the country of origin and how the country of publication for each record was ascertained improves the clarity of the manuscript and addresses my previous concerns. I believe this manuscript would make an interesting and worth while publication.

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
