Author’s response to reviews:

Dear Trial Editors:

Please find attached a manuscript entitled: "Design of the Pacemaker REmote Follow-up Evaluation and Review (PREFER) trial to assess the clinical value of the remote pacemaker interrogation in the management of pacemaker patients ". This is a revision of the previously reviewed manuscript: MS: 1747696046180318 which I am submitting on behalf of my co-authors. We have carefully considered all the issues by the reviewers and have made the two additional requested formatting changes to the manuscript.

Thank you for your consideration of this article.

Sincerely,

Jane Chen, M.D. on behalf of the PREFER investigators
