Reviewer’s report

Title: The relationship between the cranial base and jaw base in a Chinese population

Version: 6 Date: 24 July 2014

Reviewer: Letizia Perillo

Reviewer’s report:

The authors have answered sufficiently the points suggested to improve the manuscript, adding the lacked references and the information requested.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
