Reviewer's report

Title: Cone-beam computed tomographic evaluation of styloid process: A retrospective study of 208 patients with orofacial pain

Version: 2 Date: 11 February 2014

Reviewer: Maria Elissavet Metska

Reviewer's report:

The authors have made most of the requested revisions. It is still necessary to do some language corrections in the manuscript before publication.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I declare that I have no competing interests.
