Reviewer’s report

Title: Sinus lift and dental implants as a cause of rhinosinusitis

Version: 1 Date: 17 July 2014

Reviewer: Cem Ungor

Reviewer’s report:

Minor Essential Revisions

The author can be trusted to make these. For example, missing labels on figures, the wrong use of a term, spelling mistakes.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
