Reviewer's report

Title: Micro-morphologic changes around biophysically-stimulated titanium implants in ovariectomized rats

Version: 2 Date: 11 June 2007

Reviewer: Britt Wildemann

Reviewer's report:

The authors overworked the manuscript and answered the raised questions.

-------------------------------------------------------------------------------

Minor Essential Revisions
The former Figure 4 is still named Fig. 4 but should be Fig 3b.

-------------------------------------------------------------------------------

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
