Reviewer's report

**Title:** Team approach concept in Management of Oro-facial Clefts: a survey of Nigerian practitioners.

**Version:** 2  **Date:** 18 September 2008

**Reviewer:** Patrick Sheahan

**Reviewer's report:**

This paper is essentially a “snapshot” survey of cleft palate practices in Nigeria, drawn from a varied group of specialists. I do not think it is of sufficient interest or priority to be published in an international journal.

Recommend to reject as not of sufficient priority to merit publishing in this journal.

**Level of interest:** Reject as not of sufficient priority to merit publishing in this journal

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
