Reviewer’s report

Title: Porous High-Density Polyethylene in Facial Reconstruction and Revision Rhinoplasty: A Cross Sectional Study

Version: 1 Date: 28 January 2012

Reviewer: Shahram Agah

Reviewer’s report:

1. In the part Methods and Materials, inclusion and exclusion criteria is better to be explained in a separate part.
2. In the discussion, the limitations of the study should be cleared.
3. More language editing is needed.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
