Reviewer's report

**Title:** Variable expressivity familial cherubism: woman transmitting cherubism without suffering the disease.

**Version:** 4  **Date:** 28 October 2013

**Reviewer:** Marinka Twilt

**Reviewer's report:**

The authors have carefully considered all the comments of the different reviewers and the result is a highly improved manuscript.

I would recommend to accept the manuscript for publication.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Declaration of competing interests:**

I declare I have no competing interests
