Reviewer's report

Title: From Recommendation to Action: Psychosocial Factors Influencing Physician Intention to Use Health Technology Assessment (HTA) Recommendations

Version: 3 Date: 20 March 2006

Reviewer: Susan Michie

Reviewer's report:

General

I am satisfied that my concerns have been addressed and that the paper is acceptable for publication.

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
