Reviewer’s report

Title: Implementing Cognitive Behavioral Therapy in the Real World: A Case Study of Two Mental Health Centers

Version: 2 Date: 28 November 2007

Reviewer: Gregory Aarons

Reviewer’s report:

General

----------------------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

N/A

----------------------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Please note the time period for the unduplicated count of clients served (page 7). It is assumed that this is an annual figure but please clarify.

----------------------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

N/A

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
