Reviewer's report

Title: Effectiveness of inpatient and outpatient strategies in increasing referral and utilization of cardiac rehabilitation: a prospective, multi-site study

Version: 2 Date: 27 October 2012

Reviewer: Alexander Clark

Reviewer's report:

Thanks for revising this paper - it makes a useful contribution. The feedback from both reviewers has been addressed well. The paper now is somewhat more representative of how CR and SP services are internationally.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
