Reviewer's report

Title: Fidelity and moderating factors in complex interventions: A case study of a continuum of care program for frail elderly people in health and social care

Version: 2 Date: 27 January 2012

Reviewer: Wendy Hardeman

Reviewer's report:

I would like to thank the authors for carefully addressing each of my comments. The manuscript is much improved as a result.

Minor Essential Revisions

• Page 7, first paragraph: 'randomized control trial' should read 'randomized controlled trial'; and 'A prior analyses' should read 'A prior analysis'.
• Page 12: I suggest that the authors use the word 'codes' instead of 'codifications'.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
