Reviewer’s report

Title: Measurement of a model of dissemination for health care: Toward a testable theory

Version: 3 Date: 20 April 2012

Reviewer: Rebecca Lawton

Reviewer’s report:

The authors have responded well to the reviewers comments and this has resulted in an improved manuscript with a clear statement of intent that will be of interest to academics in the field of implementation science as well as those policy makers and practitioners who are responsible for implementing innovations.

Minor revision:

Page 4, line 4 - please insert comma after innovations.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
