Reviewer's report

Title: Social Acceptability of Treatments for Adolescent Idiopathic Scoliosis: a cross-sectional study.

Version: 2 Date: 3 July 2006

Reviewer: Theodoros B. Grivas

Reviewer's report:

General
The questions raised by me were answered in a reasonable way by the authors

-----------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
