Reviewer's report

Title: Rate of complications in scoliosis surgery - a systematic review of the Pub Med literature

Version: 2 Date: 22 July 2008

Reviewer: Hurriyet Yılmaz

Reviewer's report:

Major Compulsory Revisions.
The Paper has been written very well. It explains the points very well and in detail with a lot of evidence based papers from different authors and other journals.

Minor Essential Revisions.
There are couple grammar mistakes and one or two spelling mistakes throught out the paper. On page 6 instead of saying can not it should be cannot. On page 17 A spelling mistake has been made instead of deseae it should be disease. On page 17 kriteria should be criteria.

Discretionary Revisions.
Good paper. Good review Thank you very much.

Level of interest: An exceptional article

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
