Reviewer's report

Title: Treatment of scoliosis in patients affected with Prader-Willi syndrome using various different techniques

Version: 3 Date: 5 May 2010

Reviewer: Oheneba Boachie-Adjei

Reviewer's report:

Only additional information needed from the authors is the status of arthodesis or fusion and the type of bone graft used in the patients.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
