Reviewer's report

**Title:** A new brace treatment similar for adolescent scoliosis and kyphosis based on restoration of thoracolumbar lordosis. Radiological and subjective clinical results after at least one year of treatment.

**Version:** 2 **Date:** 18 June 2012

**Reviewer:** Peter John Papantoniou

**Reviewer's report:**

The changes have made this manuscript acceptable for publication.

One typo in second paragraph of Discussion line 2 "contractures d in joints". Need to remove d

There are no further changes I require.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests
