Reviewer’s report

Title: Lumbosacral fixation using intrasacral buttress screws: A modification to the Jackson technique using intrasacral rods

Version: 5  Date: 1 July 2014

Reviewer: Woojin Cho

Reviewer’s report:

The Authors have addressed all the outstanding issues as much as possible. Their explanation about some issues which they cannot address sounds reasonable. I think it is fine to publish this article.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

nothing to disclose
