Title: Growing PET Positive Nodule in a Patient with Histoplasmosis

Version: 1 Date: 26 April 2006

Reviewer: Marvin Pomerantz

Reviewer's report:

General - The paper is not sound for the reasons I have listed below.

--------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

--------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

--------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Reject as not sufficiently sound

Level of interest: Reject as not of sufficient priority to merit publishing in this journal

Quality of written English: Acceptable
