Reviewer's report

Title: New device for saphenous vein-to-aorta proximal anastomosis without side-clamping

Version: 1 Date: 19 April 2007

Reviewer: Vipin Zamvar

Reviewer's report:

General:
Ingenious idea.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An exceptional article

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
