Reviewer's report

Title: Papillary fibroelastoma of the left atrial wall: A case report

Version: 1 Date: 28 February 2009

Reviewer: Ali Can Hatemi

Reviewer's report:

This is a very well structured and written case report on an unusual papillary fibroelastoma case with a rare location.

There is only one typing error in the introduction, line #7: 'bening' which should be corrected as 'benign'.

I congratulate the authors for writing such a didactic case report.

Level of interest: An article of importance in its field

Quality of written English: Acceptable
