Reviewer’s report

Title: Antiphospholipid syndrome; its implication in cardiovascular diseases

Version: 1 Date: 17 July 2010

Reviewer: DIMITRIOS MIKROULIS

Reviewer’s report:

The authors of this review manuscript summarise the literature for the "Antiphospholipid syndrome". The article is updated with useful information for the readers of the journal. I would suggest to include more comments in the part of: "outcome in cardiac surgery ALPS patients".

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
