Reviewer’s report

Title: Antiphospholipid syndrome; its implication in cardiovascular diseases

Version: 1 Date: 28 July 2010

Reviewer: Emmanouel Papadakis

Reviewer’s report:

Minor Essential Revisions:
Provide that the manuscript is a review article, the word `A Review,` is essential to be incorporated in the title.
Since a lot of abbreviations are in the article, an abbreviation list, is very useful.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
