**Title:** Surgical Repair for Aortic Dissection Accompanying A Right-Sided Aortic Arch

**Version:** 4  **Date:** 16 April 2010

**Reviewer:** Go Watanabe

**Reviewer's report:**

This case report is almost well-written. However, minor revisions and discretionary revision will be needed.

**Minor essential revisions**

#1 Figure 1 has four pictures. Please add legends for each picture.

#2 Figure 3 indicates the sentence "The aorta was ...inside the aorta"?

**Discretionary revisions**

#1 Please show the accurate length of the proximal landing zone.

#2 In Conclusion; For careful examination of surgical procedures, do you think what is important? CE-CT or angiography?

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable
