Reviewer's report

Title: Primary glomangiosarcoma of the lung: A case report

Version: 1 Date: 2 September 2010

Reviewer: Nabl Rizk

Reviewer's report:

This is a case report of primary glomoangiosarcoma of the lung, a rare but previously described tumor of the lung.
The manuscript is well written, briefly describes the clinical scenario, and has a concise yet complete literature review

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Declaration of competing interests:
