Reviewer’s report

Title: Spontaneous coronary artery dissection in a young man Case report

Version: 1 Date: 1 February 2011

Reviewer: Guy GF Friedrich

Reviewer’s report:

Minor Essential Revisions:

page 1 abstract line 1: drug abuse for about....misssing time??
Ehlers Danlos disease is misspelled several times...

The authors should mention why they only did coronary angiography without the use of intracoronary ultrasound in this case.

Level of interest: An article of limited interest

Quality of written English: Acceptable
