Reviewer's report

Title: An Outcome Analysis of Airway Self-Expandable Metallic Stent in Central Airway Obstruction: A Cohort Study

Version: 1 Date: 6 January 2011

Reviewer: Kian Fan Chung

Reviewer's report:

This is a very detailed experience of airway self-expanded metallic stents in central airway obstruction caused by malignant and non-malignant causes. I have no comments to raise. The English in the manuscript needs to be improved and the grammatical errors corrected.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
